

TCS-320

20 BAY TABLET CHARGING STATION

KEY BENEFITS

- ▶ Simultaneous, secure and reliable charging of up to 20 tablets
- ▶ Cable-less docking and charging saves venue staff time and offers simplified self-service
- ▶ Remove the complication and electrical hazards caused by several additional charging adaptors
- ▶ Compact footprint reduces the space needed to charge large quantities of tablets
- ▶ Wide operating temperature range, built-in cooling and optional seven-day timeswitch
- ▶ Designed for the X230 10-inch electronic bingo terminal

The TCS-320 tablet charging station has been designed and developed specifically to meet the needs of applications where large populations of tablet computers are used and charged simultaneously.

Having a single point of cable-less charging completely eliminates the clutter and complication caused by additional leads and adaptors.

Space available for charging tablets is typically minimal. The TCS charging station creates a compact footprint, requiring far less space to power bigger estates of tablets.

SPECIFICATIONS

TCS-320	Tablet Charging Station
Compatible Tablets	X230
Charging Bays	20 Bays - 5.4VDC / 3.2A per bay
Input Voltage	110 VAC 60Hz / 240VAC
Retention	M6 floor retention bolt or wall retention brackets
Dimensions	271mm (W) x 1029mm (H) x 302.5mm (D)
Weight	20kg
Operating Temp.	0°C – 30°C
Storage Temp.	-10°C – 50°C

TCS-320	Tablet Charging Station
Options	7 day / 24 hour timeswitch – (230V only) 10/100 Ethernet Wired Connectivity to each Bay, with built in 10/100 Switch
Certification	CE, FCC pending
Ordering Information	TCS-320 – 20 Bay Charge Station TCS-320-T – 20 Bay Charge Station with time switch TCS-320-E – 20 Bay Charge Station with Ethernet TCS-320-TE – 20 Bay Charge Station with time switch and Ethernet
