

RT-6103

LIGHT WEIGHT
10.1" RUGGED TABLET

KEY BENEFITS

- ▶ Rugged for real life handling and outdoor use
- ▶ Exceptionally lightweight slim design
- ▶ Easily customised to allow additional connectivity such as mobile payment
- ▶ Operate with gloves
- ▶ High definition display enables more application detail
- ▶ Batteries can be removed and replaced by the user

Ruggedisation often comes with a penalty to size and weight, but no longer. The RT-6103 light weight tablet is designed to withstand rough treatment, mishandling and is sealed against dust and moisture which makes it highly portable without compromising survivability.

Utilising the latest technology, the tablet includes features such as a high performance quad core processor and support for gloved operation, which combined with its lightweight design, make it ideal for the needs of today's mobile workforce across industries.

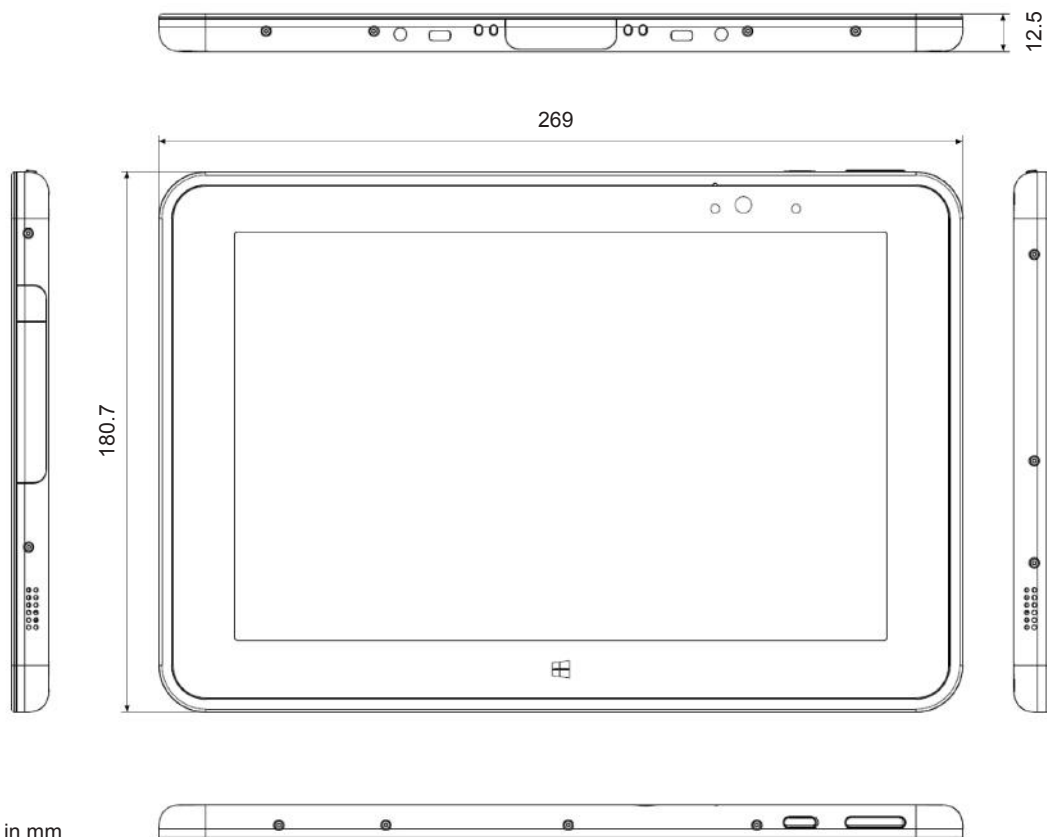

SPECIFICATIONS

RT-6103	10.1" Rugged Tablet
Display	10.1" Capacitive Touch Screen with LED Backlight (1920 x 1200) Glove and Pen Input Support
CPU	Intel Z3745 Baytrail T, Quad Core CPU
Memory	2GB DDR3
