

BT-521

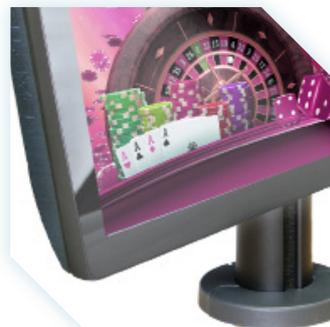

FIXED eGAMING TERMINAL

KEY BENEFITS

- ▶ Increase profitability by supporting more game content
- ▶ Minimise downtime with local support and a field-serviceable design
- ▶ Secure and tamperproof, with concealed I/O and buttons
- ▶ Reduce install costs with Power over Ethernet

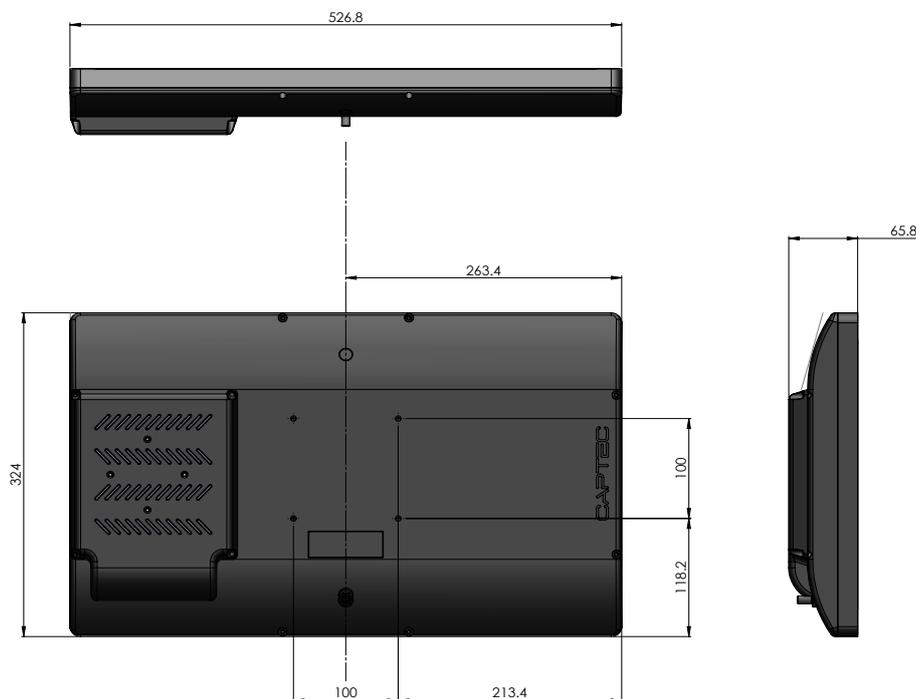

The Captec BT-521 is specifically designed for electronic gaming, with a large touchscreen display for eye catching advertisements and an absorbing user experience. With optional Power over Ethernet, the terminal can be used in a wider variety of locations with reduced installation costs.
