The All-Weather Outdoor Fixed Terminal

The Outdoor Fixed Terminal is a secure, high-performance fixed terminal designed for permanent outdoor deployment in high-traffic venues. It combines an IP65-rated enclosure, a high-visibility display, and a familiar, user-friendly interface to support a wide range of leisure and entertainment applications. Engineered for reliable operation in outdoor environments, the terminal features a tamper-resistant enclosure, controlled I/O access, and assured lifecycle continuity to reduce maintenance requirements and simplify certification. Supporting existing software platforms and third-party applications without modification, it enables consistent performance and efficient rollout across venue estates.
